"I have a very keen interest in multiple births and I am also a Mum to twins."

*Sandra*

"I am a community midwife. I also help at a walking group for new Mums called 'Ready Steady Mums'. The aim of this group is to reduce isolation and promote gentle exercise for new Mum's and Mum's to be. You are very welcome to attend. We will provide you with information and dates when we see you in the ante natal clinic."

*Jo*

"I am hospital based midwife with a particular interest in multiple pregnancy and birth"

*Bucky*

*Welcome!*

**Congratulations on your pregnancy!**

**We are delighted to offer you the opportunity to be part of the exciting new developments for Midwifery care in York. As you are expecting more than one baby, we would like to offer you care from The Multiple Birth Team. This team has been set up with a view to offering you continuity of carer throughout your pregnancy, during the birth of your baby and in the postnatal period.**

**The team consists of 2 Consultants and a team of midwives with a special interest in Multiple births who will aim to provide your ante natal and post-natal care. The Team also aim to be with you during labour wherever possible, but you will still receive care from our maternity team if this is not possible. We will discuss this with you.**

During your pregnancy we hope that you will get to meet us all, either in clinic or at our specialist ante natal classes, which we have tailored to meet the needs of parents expecting more than one baby.

Once you have had your baby, we would like to ask you about the care you received – this will help us to evaluate and develop the service.
