---

Your child has successfully completed an Open Food Challenge

For: \_\_\_\_\_

On: \_\_\_\_\_

Please continue to give this food at least two to three times a week to ensure that your child maintains their tolerance to the food.

## **Caring for your child at home after a challenge**

It is important that your child remains under adult supervision overnight. Most reactions are immediate or occur soon after eating the food. Very rarely a delayed reaction can occur (including an eczema flare or gastrointestinal symptoms). If the delayed reaction is mild a dose of antihistamine may be enough treatment.

If you have any concerns at all in the 24 hours following the Open Food Challenge, please contact your nearest hospital:

**York Patients** please contact:  
The Children's Ward (Ward 17)  
The York Hospital  
01904 726017

**Scarborough Patients** please contact:  
Duke of Kent Ward  
Scarborough Hospital  
01723 342336

If your child has experienced a delayed reaction please contact the allergy team to discuss whether the challenge food can still be included in your child's diet.

## Teaching, training and research

Our Trust is committed to teaching, training and research to support the development of health and healthcare in our community. Healthcare students may observe consultations for this purpose. You can opt out if you do not want students to observe. We may also ask you if you would like to be involved in our research.

## Patient Advice and Liaison Service (PALS)

PALS offers impartial advice and assistance to patients, their relatives, friends and carers. We can listen to feedback (positive or negative), answer questions and help resolve any concerns about Trust services.

PALS can be contacted on 01904 726262, or email [pals@york.nhs.uk](mailto:pals@york.nhs.uk).

An answer phone is available out of hours.
