Trust Library Service

Supporting Library Users with Dyslexia

We aim to make sure our libraries and resources are easily accessible to all our users, including members of Trust Staff and Students with dyslexia.

How can we help?

The Library Staff are here to offer all our users help finding books, articles, and information. Whenever you visit or contact the library, please don't hesitate to ask us if we can assist you in accessing our resources.

If you would like to book a one-to-one appointment to discuss using the library and our resources, we will be happy to arrange this with you. Let us know how we can help you.

To arrange an appointment please contact us at:

yhs-tr.library@nhs.net or phone:

York: 01904 726712

Scarborough: 01723 342184

Database and information skills training

We offer bespoke one-to-one or group training sessions. They cover basic knowledge of study skills and resources through to more advanced search skills training. Contact us at: yhs-tr.library@nhs.net to arrange a session.

Useful Free Apps

Capti: <https://www.captivoice.com>

Capti Personal offers a free text to speech reader

Goconqr: <https://www.Goconqr.com>

Create mind maps and flashcards

Mindomo: <https://www.mindomo.com>- Mind mapping tool

Our forms and guides

If you would like any of our library forms or guides printing in a different font style or size, please ask us. We can also print them on coloured paper if that's preferable to you.

Accessibility equipment

Please ask us if you would like to borrow any of our accessibility equipment/reading aids when you visit:

Coloured overlay transparencies

Line trackers

Coloured reading rulers

Coloured paper for printing

Accessing books using the library catalogue

Library staff will be pleased to help locate items and advise on current stock. The library catalogue can also be accessed online at the library or from home: <http://bit.ly/1DrTx5X>

Access to journals and articles

Register for an Open Athens account to access our online journals and resources at: <https://openathens.nice.org.uk/>

You can also use the online NHS Knowledge & Library Hub: <https://library.nhs.uk/knowledgehub/>
