

HOW TO SAVE MONEY USING EDENRED

ANDREW'S STORY

Meet Andrew

Andrew is a maintenance worker at Bridlington Hospital. He and his wife Cheryl have recently relocated to be closer to their daughter who is expecting their first grandchild.

Fresh Start

Cheryl has exciting plans to redecorate the new house. Including a brand new kitchen and new furniture throughout. Andrew is also excited, but worried about the cost going over their budget.

Savings To Be Made

Andrew heard about EdenRed through a colleague and was amazed at the money he could save by purchasing vouchers for household brands they were planning to use in the renovation.

It All Adds Up

Andrew saved over £200 on purchases over the next five months. He also used the cashback scheme on the EdenRed website to claim cashback on a variety of different home, garden and DIY stores.

A Generous Gift

Making sure to put all money he saved when buying discounted vouchers aside, Andrew then purchased a discounted voucher to gift to his daughter as a treat to prepare for the baby.
