

HOW TO SAVE MONEY USING EDENRED

SAM'S STORY

Meet Sam

Sam works for the Domestics team at Scarborough Hospital, she is married to Tomaz and mum to two daughters aged 10 and 12. They love hosting events! Including wine and cheese nights, family BBQ's, movie nights, dinners and more.

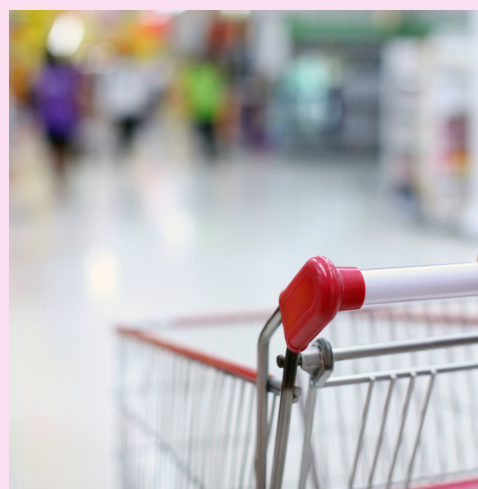

Pricey Platters

With the recent cost of living crisis, Sam has noticed that hosting her favourite events is becoming a costly business. Not only that, but the cost of her family's weekly food shop is now higher than ever before.

Discounts For Days

Sam started purchasing vouchers from Eden Red, buying a £250 voucher every fortnight for Asda at £242.50 (saving £7.50) for the regular shop and a £100 voucher for M&S for £94.50 (saving £5.50) everytime she was planning to host.

Every £ Counts

Over the next 12 months, Sam and her family saved just over £250.

Sam likes to stuff this away in a cash envelope so she can see her savings add up over time.

Christmas Time

Sam then used these savings to host a fabulous Christmas party for their family and friends.

The £250 paid for all the food, so Sam and Tomaz saved their way to a free Christmas feast!
