

SELF ASSESSMENT- COMPETENCY STATEMENT FOR THE B101 HbA1c ANALYSER

Ask a trained colleague to observe you carry out a patient test using the b101 HbA1c analyser and carefully read, consider, and tick off the following statements.

- I have undertaken educational training or completed recertification within the last 2 years
- I know that it is a disciplinary offence to share my Operator ID or allow others to use equipment in my name
- I know of infection control measures associated with using the b101 analyser
- I know where to get supplies of cassettes and controls and how to store them
- I know how to carry out quality control procedures on the b101
- I know how to consent, prepare, and obtain patient samples for hbA1c analysis
- I feel competent to carry out a patient test on the b101
- I know and understand the importance of correctly inputting patient details
- I know where and how to record the patient hBa1c results

- I know the importance of, and how, to act on abnormal results
- I know what to do in the event of a sharp's injury/splash to the eye
- I know how to carry out and report the external quality assurance samples
- I understand that as part of my training and competency I agree to take part in EQA testing.
- I know how to seek help if required and where to find the Standard Operating Procedure (on Staffroom).
- My observing colleague is happy to sign to say that I have performed the test in accordance with the protocol

ONLY if you are happy with the above statements, you and your colleague should BOTH sign below and return this statement to Point of Care Testing (either by internal post or scanned to our mailbox yhs-tr.poct.team@nhs.net)

Your name and Operator ID (if known):	
Your signature:	
Ward/Department:	
Name and signature of Observer/Trainer:	
Date:	

Thank you.
