If you do not speak English you may need to have someone with you to help with a telephone call, the person you have called will call you back with an interpreter.

Upami anjeun henteu nyarios basa Inggris, anjeun panginten kedah gaduh batur pikeun ngabantosan telepon, jalma anu anjeun telepon bakal nelepon deui sareng juru basa.

When you are pregnant you will have regular appointments with a midwife. It is advisable to have your first appointment before 12 weeks.

Nalika anjeun reuneuh anjeun bakal gaduh janjian rutin sareng bidan. Disarankeun gaduh janjian heula sateuacan 12 minggu.

A midwife cares for women and their families during pregnancy, birth and after the birth.

Bidan ngarawat awéwé sareng kulawargana nalika kakandungan, kalahiran sareng saatos ngalahirkeun.

Some women also need to see a doctor as well as a midwife, when they are pregnant.

Sababaraha awéwé ogé kedah ningali dokter sareng bidan nalika kakandungan.

Your midwife will arrange this.

Bidan anjeun bakal ngatur ieu.

Your midwife appointments might be at a Doctors surgery, a Children's Centre or another clinic.

Pasini bidan anjeun tiasa di bedah Dokter, Pusat Barudak atanapi klinik anu sanés.

My Midwife's name is:

Ngaran Bidan abdi
nyaéta:

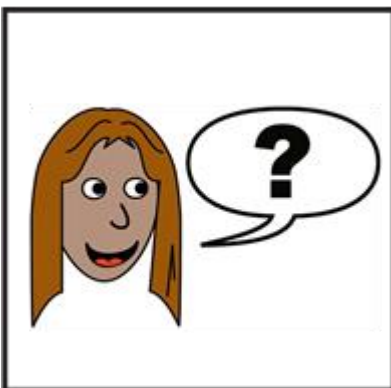

Telephone number:

Nomer telepon:

My clinic is:

Klinik kuring nyaéta:

At the first appointment,
your midwife will give you
your maternity notes.
You will take these notes
to every appointment
during your pregnancy.

The midwife will make
you an appointment for
an ultrasound scan at
this appointment.

Dina janjian munggaran,
bidan anjeun bakal
masihan anjeun catetan
maternity Anjeun. Anjeun
bakal nyandak catetan
ieu unggal janjian nalika
kakandungan anjeun.

Bidan bakal
ngajantenkeun anjeun
pasini pikeun scan
ultrasound dina janjian
ieu.

You can bring a friend or relative with you to the appointments. The midwife will use an interpreter if you do not speak English.

Anjeun tiasa nyandak babaturan atanapi baraya sareng anjeun ka janjian. Bidan bakal ngagunakeun juru basa upami anjeun henteu nyarios basa Inggris.

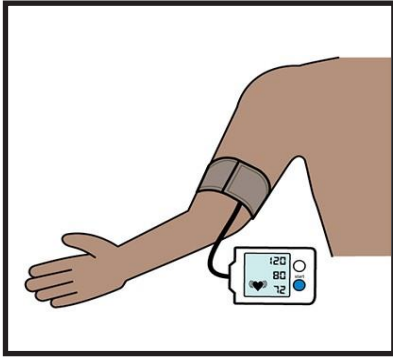

If you're expecting your first child, you'll have up to 10 antenatal appointments.

If you have had a baby before, you will have around 7 appointments, but sometimes you may have more – for example, if you develop a medical condition.

Upami anjeun ngarepkeun anak kahiji anjeun, anjeun bakal gaduh dugi ka 10 janjian antenatal.

Upami anjeun kantos gaduh orok sateuacanna, anjeun bakal gaduh sakitar 7 janjian, tapi sakapeung anjeun tiasa langkung seueur - contona, upami anjeun ngembangkeun kaayaan médis.

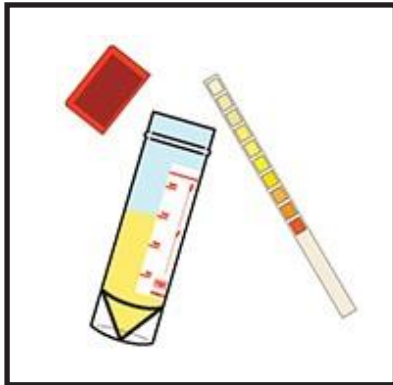

Every time you see your midwife they will:

Take your blood pressure.

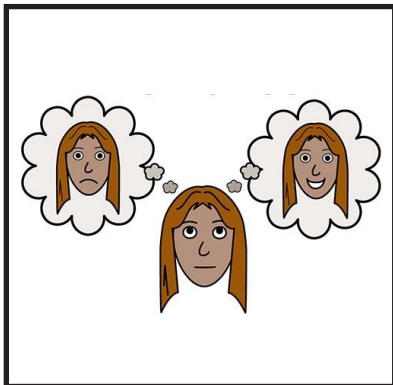

Unggal-unggal anjeun ningali bidan anjeun, aranjeunna bakal:

Candak tekanan getih anjeun.

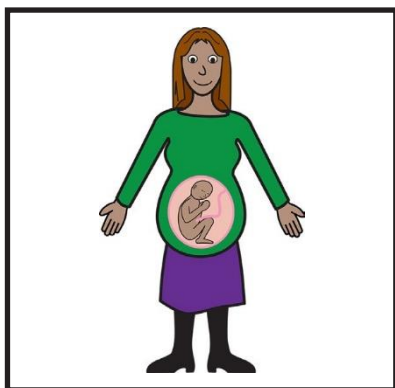

Test your urine.

Nguji cikiih anjeun.

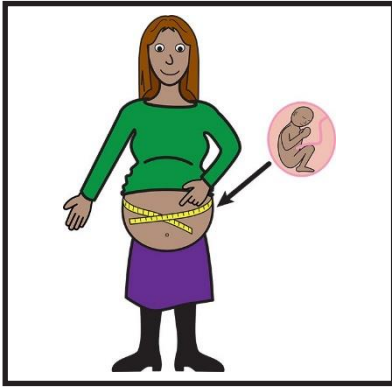

Talk to you about how you are feeling emotionally and can refer you for extra support.

Ngobrol sareng anjeun ngeunaan kumaha perasaan anjeun sacara émosional sareng tiasa ngarujuk anjeun pikeun dukungan tambahan.

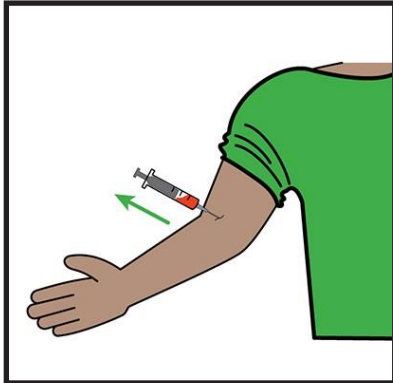

Talk to you about your baby's movements.

Ngobrol sareng anjeun ngeunaan gerakan orok anjeun.

As your baby grows, your midwife will measure your bump with a tape measure and plot your baby's growth in your maternity notes.

Nalika orok anjeun tumuwuh, bidan anjeun bakal ngukur nabrak anjeun nganggo pita ukur sareng ngarencanakeun kamekaran orok anjeun dina catetan maternity anjeun.

Your midwife will offer you some blood tests at the first appointment and at the 28 week appointment. These check for your blood group, an iron count and infection screen.

Bidan anjeun bakal nawiskeun anjeun sababaraha tés getih dina janjian munggaran sareng dina janjian 28 minggu. Ieu pariksa pikeun grup getih anjeun, hiji count beusi sarta layar inféksi.

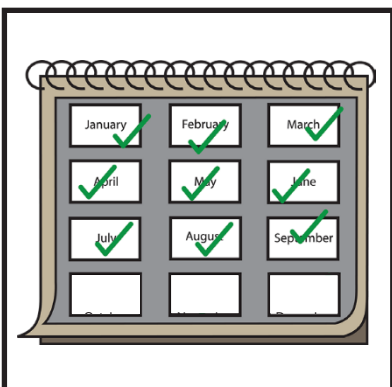

Scans are done at the hospital. These are routinely performed at approximately 12 weeks and 20 weeks.

Some women will need extra scans.

Scans dilakukeun di rumah sakit. Ieu rutin dilakukeun dina sakitar 12 minggu sareng 20 minggu.

Sababaraha awéwé bakal butuh scan tambahan.

Pregnancy lasts 9 months or 40 weeks.

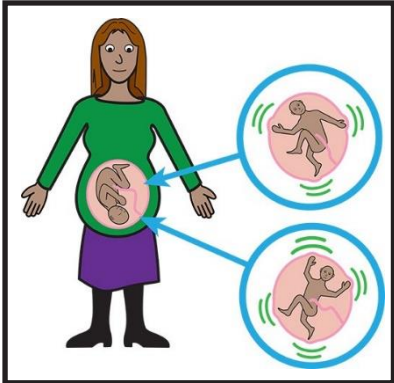

Kakandungan lasts 9 bulan atawa 40 minggu.
